

WIEF YOUNG LEADERS NETWORK (WYN) PRESENTS

# WYN Global Internship Programme

# CONNECTING YOU TO FUTURE LEADERS

The WYN Global Internship Programme is an initiative by the WIEF Young Leaders Network to develop young leaders in the Muslim world through internship placements in reputable corporations across the globe.

BUILDING BRIDGES THROUGH BUSINESS

# INTRODUCTION

The Muslim world is getting younger. About 65% of the total Muslim population are below the age of 30. In a few decades, these young people will assume positions of leadership in government, business and civil society. Education and connectivity to the outside world is therefore crucial for their leadership to be effective.

The WYN Global Internship Programme was established in 2007 for this very purpose. By mobilising young people across the globe through internship exchange, WYN helps nurture a better generation of leaders for the future. Come and be part of us.

---

## WHAT IT CAN OFFER

One thing corporations should know is that they are associating themselves with a global internship programme. This programme can offer your corporation:

- access to a huge pool of potential talents from various countries in the Muslim world, screened by our internship team to meet each corporation's individual requirements
- a platform to contribute to a socially responsible initiative that stresses on developing young future leaders
- opportunity to nurture promising students to eventually take up long-term employment
- opportunity to participate in WYN's roadshows to reputable universities across the Muslim world, enabling you to interact closely with the Muslim world's brightest students thereby enhancing your reputation as a leadership-centric global corporation

## WHAT WE NEED

Our mandate is to ensure that our interns get the best of their internship experience. The role of a corporation in this programme:

- provide a conducive working and learning environment to the interns in their care, which should include basic leadership and management skills
- provide 3-month and 6-month internship programmes to cater for interns depending on their academic status
- provide them with a decent stipend

Main Participating Corporations:

- Al Ghurair Group
- CIMB Group
- Ethos & Company
- Rio Tinto Alcan
- Sime Darby
- Unicorn Investment Bank

Register your interest with us by scheduling an appointment with our Internship team.
